

SC FSDO FAASTeam presents:

## **January Topic of the Month - The Startle Response**

This presentation acquaints pilots with the nature of human mental functioning and response to stimuli. It describes the human startle response and how it may contribute to aviation accidents. Specifically, the presentation will discuss the difference between reflexive and reasoned responses to stimuli. Discuss the safety benefits of flight risk assessment and management. Discuss the safety benefits of emergency procedures training. Encourage pilots to participate in WINGS Pilot Proficiency Training.

**Directions:** The airport is located on the north side of SC highway 161. From I-77, Exit 82 C, join highway 161 westbound on Celanese Road [Hwy 161]. Turn right on Museum Road, going north, veer right on Airport Road to terminal parking area on the right. Traveling eastbound on 161, initially Old York Road changing to Celanese Road, turn left onto Museum Road going north, veer right on Airport Road to terminal parking area on the right.  
"Prior to attending a safety seminar please review and abide by current CDC, State and Local health guidelines."
